Start a Benefits Review in 3 Steps

STEP 1: Complete the Benefits Review Form for ELIQUIS. This can be downloaded from the RESOURCES page at **hcp.ELIQUIS.com** or from the ELIQUIS 360 Support Provider Portal. You can also obtain printed copies of the form from your ELIQUIS representative.

STEP 2: Have your patient review and sign the Patient Authorization and Agreement (PAA) portion of the form. The PAA can also be signed at **ELIQUIS.com/sign**.

STEP 3: Fax the completed Benefits Review Form to ELIQUIS 360 Support at **1-855-674-8134** or upload it to the ELIQUIS 360 Support Provider Portal.

After the steps above have been completed and we receive your patient's form, we will contact the patient's prescription drug plan (also referred to as the payer) to obtain coverage information and share the results with your office. You will receive a Benefits Review Results Form (also known as a Summary of Benefits) which will provide a detailed explanation of your patient's prescription insurance coverage for ELIQUIS.

Benefits reviews are generally completed within 1 business day. Hospital benefits reviews are completed in 4-6 hours.

If there are formulary restrictions:

- A plan-specific prior authorization (PA) form will be sent to your office and pre-populated with provider demographic information
- Your office should complete the plan-specific form and send it back to the payer
- PA request status can be monitored via covermymeds.com

For more information on access support with PA and appeal requests and how CoverMyMeds can help, see page 11.
